

Are you the parent
of a two year old?

Make sure they are...

Happy, healthy
and ready to learn

27 month
review

hackney
learning trust

Homerton University Hospital 
NHS Foundation Trust

You will be invited to a free review of your child's health and development at around 27 months.

"How can I help my child learn more words and talk in longer sentences?"

"Is my child making friends?"

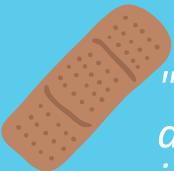

"Where can I find a dentist for my child?"

"How well is my child progressing?"

"Is my child eating a good diet?"

"Is my child up to date with their immunisations?"

Your health visitor or child care provider will be in touch to arrange your child's review.
